

# DR. AUNCHALEE AUSSANASUWANNAKUL

Deputy Head of Department

## PROFILE

Senior Professional Researcher,  
Department of Food  
Chemistry and Physics,  
Institute of Food Research and  
Product Development,  
KASETSART UNIVERSITY

## CONTACT

## BIBLIOGRAPHY

Dr. Aunchalee Aussanasuwannakul is Certified Food Scientist, Certified Functional Nutritional Therapy Practitioner, and active member of ASEAN STI network with advanced background in food science and technology. She is currently a researcher in Food Chemistry and Physics Department at the Institute of Food Research and Product Development, Kasetsart University (KU), Bangkok while serving as a special lecturer for KU Graduate School teaching instrumental texture and viscoelasticity of food material. Her research and consultation revolve around identifying the potential applications of industrial-agricultural by-products and new sustainable food resources in the development of innovative food products.

## RESEARCH EXPERTISE

- Food Texture
- Rheometry
- Tribometry
- Sensory Analysis
